3.0 APPLICATION, ADMINISTRATION AND ENFORCEMENT

3.1 APPLICATION

- 3.1.1. No land nor the surface of water shall be used nor any structures be constructed, altered, located or used within the corporate limits of the Village of Gold River except as specifically permitted by this bylaw.
- 3.1.2. No person shall construct, make addition to, move, use or occupy any building or structure within the corporate limits of the Village of Gold River without prior written approval of the person appointed by Council to administer this bylaw.

3.2 ADMINISTRATION

The Public Safety Officer or such other person appointed by Council shall administer this bylaw.

3.3 INSPECTION

Persons appointed under subsection 3.2 may enter, at all reasonable times upon or into any place, building or structure for the purpose of administering or enforcing this bylaw. It shall be unlawful for any person to prevent or obstruct any of such officials from carrying out their duties under this bylaw.

3.4 PROHIBITION

Subject to the provisions of the *Local Government Act* respecting non-conforming uses, land shall not be used, building and structures constructed, altered, located or used within the Village of Gold River contrary to this bylaw.

The establishment of marihuana production, or any component thereof, must not be permitted unless by a rezoning of the land, in accordance with official community plan guidelines.

The following uses are prohibited in all zones under this Bylaw, unless explicitly permitted:

- a) cannabis (commercial or medical) growing and processing;
- b) retail or wholesale or distribution of cannabis or cannabis products;
- c) the use of a building for the service to customers of cannabis or cannabis products for their on-site consumption.

3.5 ENFORCEMENT

1. Every person who violates any provision of this bylaw or who causes, suffers or permits any contravention of its regulations, shall be deemed to be guilty of an infraction thereof and shall be liable to the penalties herein imposed.
2. Where the administrator of this bylaw is of the opinion that an infraction exists, and has confirmed his opinion by inspection of the property, he shall give to the owner, agent or the responsible person written notice specifying the violation, and ordering the cessation thereof.
3. In the event of failure to comply with the notice within the time specified, the person shall be given an opportunity to demonstrate to the Council that the failure was due to other than wilful negligence and the Council shall determine whether to seek penalties and costs by due process of law.

3.6 PENALTY

Any person who violates the provisions of this bylaw is liable on summary conviction to a penalty not exceeding two thousand dollars (\$2000.00) for each infraction or offence, and also the cost of prosecution. Each day that a violation or infraction exists or is permitted to exist, shall constitute a separate offence under this bylaw. Upon conviction the magistrate may direct that no prosecution may be made with respect to continuance of this violation for such periods of time as deemed suitable. Fines for an offence against this Bylaw may also be set out in the Village of Gold River Ticket Information Bylaw.

3.7 SEVERABILITY

If any section, subsection, sentence, clause or phrase of this bylaw is for any reason held to be invalid by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this bylaw.

3.8 REPEAL OF EXISTING BYLAWS

Village of Gold River Zoning Bylaw 635. 2003 and amendments thereto are hereby repealed.

4.0 GENERAL PROVISIONS

4.1 APPLICABILITY

Except as otherwise specified in this bylaw, the following provisions apply to all zones established under this bylaw.

4.2 ACCESSORY BUILDINGS

4.2.1 Use of Accessory Buildings

Except where otherwise specifically stated, uses permitted by this bylaw include those uses customarily accessory to the permitted principal uses and all buildings or structures accessory to buildings or structures constructed, located or used with respect to permitted principal uses.

4.2.2 Prohibitions

1. Accessory buildings or structures shall not be used for:
 - a) any occupation for gain or profit conducted within a dwelling unit except as may be permitted in this bylaw;
 - b) human habitation except as may be permitted in this bylaw.
2. The establishment of marihuana production, or any component thereof, must not be permitted unless by a rezoning of the land, in accordance with official community plan guidelines.
3. The following uses are prohibited in all zones under this Bylaw, unless explicitly permitted:
 - a) cannabis (commercial – non-medical) growing and processing;
 - b) retail or wholesale or distribution of cannabis or cannabis products;
 - c) the use of a building for the service to customers of cannabis or cannabis products for their on-site consumption.

4.2.3 Location

- a) Except as otherwise provided herein, accessory buildings or structures, with the exception of carports, garages and attached sundecks, shall be to the rear or to the side of the principal building on a lot.

- b) No accessory building or structure shall be situated on a lot or parcel unless the principal building, to which the accessory building is incidental, has been erected or will be erected simultaneously with the accessory building on the same lot or parcel.

4.2.4 Garages, Carports and Sundecks

A garage or carport, whether detached or attached to a principal building, shall not exceed one storey or 6.1m (20 feet) in height. Garages located to the front of the lot shall comply with the minimum yard requirements of the principal building for the zone in which it is located. Sundecks located to the front of the lot shall comply with the minimum yard requirements of the principal building for the zone in which it is located. Carports located to the front of the lot shall be located a minimum of 3m (10 feet) from the front lot line.

4.2.5 Height

Except as otherwise provided herein, no accessory buildings or structures shall exceed one storey or 6.1m (20 feet) in height.

4.2.6 Setback

Except as otherwise provided herein, there shall be a minimum distance of 1.5m (5 feet) between any accessory building and any side or rear lot line and any other building on the lot.

4.2.7 Lot Coverage

The total lot coverage of all accessory buildings on a lot shall not exceed 10% of the permitted lot coverage. Neither an attached garage nor a swimming pool in a residential zone shall be considered as an accessory building or use for the purpose of calculating lot coverage.

4.3 PARKING AND STORAGE OF VEHICLES IN RESIDENTIAL ZONES

1. No commercial vehicle, truck, automobile, bus, contractor equipment, industrial equipment, derelict vehicle, boat, recreational vehicle, trailer or any similar vehicle, craft or equipment shall be parked or stored in the open on property in any residential zone, except:
 - a) trucks, commercial vehicles or equipment required for the construction, repair, servicing or maintenance of the premises or property,

- b) one licenced commercial vehicle no larger than 5000 kg rated capacity being a pickup, automobile or van,
 - c) one derelict vehicle for a period of not more than 90 successive days, unless stored in a garage or enclosed carport,
 - d) automobiles, vehicles, recreational boats and trailers for the personal use of the occupants of the property.
2. Parking or storage of vehicles for each single family dwelling sited on a lot shall not exceed a combined total of more than three (3) which may include any combination of the following: one camper body, one camping trailer, one utility trailer or one pleasure boat and in a manner not in contravention of the Village of Gold River Unsightly Premise Bylaw.
3. Vehicles, equipment, boats, trailers, recreational vehicles, trailers or any similar vehicle, craft or equipment are not permitted to be parked or stored on vacant lots in residential zones.
4. No lot zoned residential shall be used for the parking, storage or repair of commercial vehicles, contractor or industrial equipment, or commercial boats unless specifically permitted for elsewhere within this bylaw.

4.4 PETS

- 4.4.1 The keeping of pets in accordance with the Village Animal Control Bylaw and to the extent of not creating a nuisance shall be permitted in all residential zones.

4.5 LIVESTOCK

- 4.5.1 The keeping of livestock in accordance with the Village Animal Control Bylaw shall be permitted in residential zones provided that:
- a) the lot is a minimum of .81ha (2 acres) in area.
 - b) livestock is limited to a total of not more than two of the following: horses, cattle, sheep, pigs, goats, rabbits and not more than twelve (12) head of poultry for each .40 ha (1 acre) of lot area.

- c) structures for the accommodation of livestock shall be located a minimum distance of 6.1m (20 feet) from the side and rear lot lines, nor less than 7.6m (25 feet) from the principal building on the lot.
- d) enclosures for the keeping of livestock shall not be constructed or utilized in the front yard of any lot.

4.5.2 The keeping of livestock shall comply with all requirements of the local Medical Health Officer.

4.6 NON-CONFORMING USES

The lawful use of existing premises and uses, and uses and/or structures lawfully under construction at the time of the adoption of this zoning bylaw, although such use does not conform to the provisions of this bylaw may be continued, subject to the provisions of Section 911 (Non-conforming uses and siting) of the *Local Government Act*.

4.7 WATERCOURSE SETBACKS

Notwithstanding any other provisions of this bylaw, no buildings or structures or any part thereof shall be constructed, reconstructed, moved or extended nor shall a mobile home or unit, modular home or structure be located:

- 4.7.1 within 30 meters of the natural boundary of the Gold or Heber rivers;
- 4.7.2 within 15 meters of the natural boundary of the sea,
- 4.7.3 within 30 meters of the natural boundary of any other lake, swamp or watercourse that provides fish habitat.

4.8 FLOOD PROOFING

- 4.8.1 The minimum height to the top of the foundation wall of any structure that supports the principal use or good storage shall be 0.6 m above the 200 year flood level where it can be determined. If the 200 year flood level cannot be determined, the minimum height shall be 3 meters above the natural boundary of the Gold or Heber Rivers, or at least 1.5 meters above the natural boundary of the watercourse in the immediate flood hazard area, whichever is greater.
- 4.8.2 Where approved fill is used to achieve the required elevations stated in Section 4.8.1 above, no portion of the slope shall be closer than the

minimum watercourse setbacks established in Sections 4.7.1, 4.7.2 and 4.7.3. The face of the landfill slope shall be protected against erosion from flood waters as required by the Minister of Water, Land and Air Protection and shall be certified as being suitable for construction by a qualified geotechnical engineer licenced to practice in British Columbia.

4.9 BED AND BREAKFAST USES

4.9.1 Prior to locating a Bed and Breakfast in the Village of Gold River, applicants shall refer to the Business Licence Bylaw for additional regulations. In the zones permitted bed and breakfast accommodation shall:

- a) be completely contained within a single family dwelling which is the principal use on the lot or parcel.
- b) the single family dwelling shall be occupied as a permanent residence by the operator of the bed and breakfast accommodation.
- c) be conducted by the principal resident who may employ not more than one person on the premise.

b) Mixed Use Parking Requirements.

When any land or building is used for two or more purposes, the number of parking spaces required shall be the sum of the requirements for the various individual uses, computed separately in accordance with Section 4.13.2 (a). Parking facilities for one use shall not be considered as providing the required parking facilities for any other use.

- c) The standards of Section 4.13.2 (a) and 4.13.2. (b) shall not apply to buildings, structures or uses existing on the effective date of this bylaw unless they are deemed to be more favourable except that:**

- (i) off-street parking shall be provided in accordance with subsection 4.13.2 (a) and 4.13.2. (b) for any addition to such building or structure, or any change or addition to such existing use
- (ii) the parking requirements of Section 4.13.2. (a) and 4.13.2 (b) may be reduced if the peak parking requirements of the mixed uses will not overlap, in which case the requirements may be reduced by “development variance permit” to the peak level of demonstrated need.

4.13.3 Calculation of Parking Requirements.

When the number of required parking spaces results in a fractional space, any fraction equal or greater than 0.5 shall require an additional parking space. Gross floor area used to calculate the number of required parking spaces shall include all rooms and areas except those used for parking within the basement or ground floors of the building.

4.13.4 Vehicle Parking Standards

- a) Except as noted below, each vehicle parking space shall have a minimum width of 2.6 meters and a minimum length of 5.5 meters exclusive of access driveways or aisles. For parallel parking, the length of the parking space shall be increased to 7.0 meters, except that an obstructed end space shall be a minimum length of 5.5 meters.
- b) All access driveways and aisles shall be a minimum of 7.2 meters wide for 90 degree parking, 5.5 meters wide for 60 degree parking, 4.1 meters wide for 45 degree parking and 3.5 meters wide for 30 degree parking. Where the parking angle is less than 90 degrees, the access driveways or aisles shall be demarcated as one-way.
- c) Parking areas containing 4 or more vehicle parking spaces may designate up to 25% of the total vehicle parking spaces as small car parking. The small car spaces shall have a minimum width of 2.5 meters and a minimum clear length of 4.9 meters and be clearly designated as “Small Car Parking”.

4.13.5 Surfacing

All required parking spaces in Multiple Family, Central Commercial and Service Commercial Zones shall be surfaced with asphalt, concrete or other stable surface treated to prevent the raising of dust, loose particles and with provisions for drainage facilities.

4.13.6 Siting

All parking shall be located on the site for which it is required, or within 50 meters from the building served in all zones. All parking required in residential zones shall be provided on site.

4.13.7 Screening of Parking Surfaces.

- a) Where any commercial land within or adjoining a residential district is used for parking purposes, any such land shall be screened from adjoining or adjacent properties and roads, except for access driveway, by evergreen hedges or by view obstructing fences or wall of not less than 1.2 meters and not more than 1.8 meters in height.
- b) No parking areas shall be closer than 1.2 m to any property line.

4.13.8 Loading

1. Off-street loading shall be provided for all uses except for the following: personal service establishments, exercise studios, bed and breakfast accommodation, churches and chapels, golf courses and driving ranges, laundromats and motor vehicle fuel sales.
2. Every owner of land which is the site of a structure or yard involved in the receipt of delivery of goods or materials by motor vehicle shall, on the property in question, provide for and maintain off street loading and storage spaces which shall conform to the following minimum standards:
 - a) for every 1870 sq. m. meters of gross floor area or portion thereof, one loading space;
 - b) each off street loading area shall have vehicular access to a public thoroughfare.
3. Loading area, garbage containers and recycling bins shall be screened from view by a landscaping screen, a solid decorative fence, or a combination of both to a minimum height of 2.5 meters.
4. Each off street loading space shall be of adequate size to accommodate the types of vehicles which will be loading and unloading, but in no case shall be insufficient to accommodate a vehicle. The minimum dimension of an off street loading space shall be 8 meters in length, 4 meters in width and 4.6 meters in height.

5. Within Commercial Zones off street loading areas shall be screened from adjoining residential properties and/or streets by fencing or a landscape screen not less than 1.8 meters in height.

4.13.9 Disabled Parking Requirements

Parking areas having more than 10 vehicle parking spaces shall designate one of the spaces as handicapped parking. Additional handicapped parking spaces shall be provided at a rate of 1% of the total parking requirements. The handicapped parking spaces shall have a minimum width of 3.7 meters and a minimum clear length of 5.5 meters and be clearly designated by signage incorporating the universal handicapped logo as “Handicapped Parking”.

4.14 SETBACK EXCEPTIONS

Except as otherwise provided in particular zones, the setback requirements of this bylaw do not apply with respect to:

- a) gutters, chimneys, roof over-hangs and eaves if the projections do not exceed 0.6 meters, measured horizontally and exterior finishes up to 0.05 meters;
- b) notwithstanding any other provision of this bylaw, the consent of the Ministry of Transportation and Highways is required to place any building or structure within 4.5 meters from the property line adjacent to a provincial highway right-of-way;
- c) signs;
- d) fences, but no other features may project into a required setback area.

4.15 LANDSCAPING, SCREENING AND EXTERIOR STORAGE

- a) Landscaping and screening in the form of grass, shrubs, trees, flowers and the like shall be provided and maintained in all required yards and setback areas.
- b) Boulevard areas of highways abutting the site shall be landscaped.
- c) Screening, through landscaping or fencing of not less than 1.8 meters in height shall be provided and maintained along any boundary of a commercial, industrial, medium or high density multiple family residential use which abuts a residential or public use zone.
- d) All loading refuse and service areas shall be screened with landscaping or fencing of not less than 1.8 meters in height.

- e) Exterior storage of bulk materials or equipment shall not be permitted in the front yard in any zone.
- f) Open air sales areas of new and used cars, trailers and boats shall be screened from view of adjacent residential properties and from abutting roadways by buildings or fences and landscaping.

4.16 CARETAKER SUITES

The issuance of a building permit for a caretaker suite, as defined in this Bylaw, shall be in accordance with the following criteria and regulations:

- a) A building permit for a caretaker suite will only be issued if a caretaker suite as defined in this Bylaw, is provided for as permitted use in the land use zone in which the subject lot is located.
- b) Only one such caretaker suite shall be permitted on any one lot and each caretaker suite is limited to two occupants and the occupants must be registered with the Village Office.
- c) Where a caretaker suite is attached to the principal building on a lot by a roof, an open or enclosed structure, a floor or a foundation, it is to be considered a part of the principal building, and must:
 - (i) be fully separated from the industrial or commercial use by walls, partitions and/or floors,
 - (ii) have an entrance from the outside which is separate from the industrial or commercial use,
 - (iii) not exceed 25% of the total gross floor area of buildings on the parcel, and
 - (iv) not exceed 55.6 square metres in floor area.
- d) Detached caretaker suites shall be situated in accordance with setback regulations specified in the zone within which the subject lot is located or in accordance with the following requirements, whichever are more stringent:
 - (i) a minimum of 3.0m from any building; and
 - (ii) a minimum of 3.0m from the rear and side lot lines; and
 - (iii) no closer than the front line of the principal building.

- e) Where a caretaker suite is a manufactured home (trailer) unit, the following shall apply:
 - (i) the unit shall have C.S.A. certification or equivalent and meet the standards contained in this Bylaw. Proof of this shall accompany the building permit application; and
 - (ii) the unit shall be secured and properly set on a skirted foundation.
- f) The maximum floor area of any caretaker suite, as defined in this Bylaw, shall not exceed 55.6 m² in area.
- g) A building permit for a detached caretaker suite shall not be issued until the principal building/development with which the caretaker suite is to be associated has been built.

4.17 PERMITTED USES IN ANY ZONE

The following uses are permitted in any zone:

- a) Public utilities.
- b) Municipal parks and playgrounds.
- c) Public uses and institutional uses as defined in this Bylaw.

4.18 BUILDINGS PER LOT

Not more than one principal building per lot shall be permitted unless specifically permitted in this Bylaw.

4.19 PERMITTED USES

No person shall use land or buildings for any use except for those specifically permitted in the zone in which the land or building is located either in that zone or in the General Provisions of this Bylaw or amendments to this Bylaw. A use not specifically permitted in a zone is an unlawful use.

4.20 MEASUREMENTS

Metric units and Imperial units are used within this Bylaw. Where both units are used for any application the imperial units are included for convenience only and do not form part of this Bylaw.
